

# India Birding and Wildlife Trip Suggested Reading

*Birds of the Indian Subcontinent* Richard Grimmett, Carol Inskipp, Tim Inskipp, Christopher Helm

This new field guide is based on the authors' groundbreaking *Birds of the Indian Subcontinent* (1998) and covers all the bird species found in India, Pakistan, Sri Lanka, Nepal, Bhutan, Bangladesh and the Maldives. The plates face the descriptions and maps for quick at-a-glance reference. Many of the plates have been repainted for this edition and a number of new species added. This guide also provides tables, summarising identification features of particularly difficult groups such as nightjars, warblers and rosefinches.
